

Georg Knights is our school Chaplain. She works for 'The Bridge Youth Project' which we, as a school have had input from for several years.

She is with us for one whole day a week and is also the link between our school and the local church 'pop in' (Tuesdays after school in St Michael's Church).

Georg is a Christian and supports all our children, no matter what their faith and those with no faith. Georg spends her time with individual children who perhaps need a little extra support or time to chat. She may support them through difficulties such as grief, family upsets and friendship issues but is also there for sharing the children's successes and joys.

Georg also takes small groups of children for social skill learning; she sometimes takes RE lessons with a colleague, and she will also get involved in collective worship. Georg strongly supports the Christian vision and values of the school and supports Mrs Carter in her headship role.
